

It is surprising that so many decent people will take up with the low-lived misrepresentation perpetrated against Jerry Simpson and the public by that prince of unpunished scoundrels, the notorious Judge Botkin, and try to make capital out of it. No intelligent man believes for a moment that Jerry's assertion in the *National Watchman* that "women are selling their virtue and men their honor for bread," referred to the Seventh district. The same article several times mentions New York and other large cities and no one but a fool or a knave can apply it elsewhere. This story is on a par with the Hutchinson forged resolutions, only it comes from a source so vile as to condemn it on its face. There is far more reason for condemning the much idealized John J. Ingalls and Dr. Lyman Abbott. Dr. Abbott's remark is published elsewhere and here is what John J. Ingalls said in the U. S. senate January 1891:

"A social system which offers to tender, virtuous and dependent women the alternative between prostitution and suicide as an escape from beggary is organized crime, for which some day unrelenting justice will demand atonement and expiation."

Quoting this the other day to a prominent Republican at Geuda Springs he exclaimed, "Oh, Ingalls has gone over to the calamity howlers anyway." Upon being reminded that Mr. Ingalls, the hero who has been worshiped so devoutly by Republicans, would soon be in Kansas making Republican speeches and would then be quoted as good authority, he had nothing more to offer.

The *Western Star*, of Coldwater, Kansas, comes out squarely for the People's party in its last issue. A part of the reasons for this change we copy below:

With this issue the *Star* comes out squarely on the People's party platform. It has been thoroughly democratic from its infancy to the present time. In our long fight against Republicanism we have been honest, earnest and conscientious; we have supported the Democratic party, believing it to be as near right as political parties ever get to be, and believing it to be the only party which had any hope of making a successful fight against the corrupt political rings which now dominate state and nation. We have always fought as a hopeless minority, and during the past two years we have seen that minority fade into nothing; we have seen a young political giant arise, which has absorbed the best element of both the old parties in this state, and is now making rapid headway in the south and west. We believe it to be our political duty to work and vote for that party which stands the best chance to overthrow our old enemy; and we believe every Democratic vote is just that much encouragement to the Republican party.

#### The Crime of the Age.

Denver News.

The demonization of silver in 1873, which was accomplished secretly and by criminal methods, was designed to raise the unit of value, enhance existing obligations and depress the prices of everything else. The purpose was to aggrandize the income and creditor classes of the world and to practically confiscate the reward of the hard toil of the masses. It is the interest of the annuity and money lending classes to maintain a disparity between the volume of the currency and population and business.

A dearth of money has never failed to increase the value of the money unit and decrease the price of the commodities for which that unit is exchanged. This condition bears oppressively upon the producer and consumer. The former has to sell at unremunerative prices, while the latter is able to buy necessities at any price. The contraction of the currency, of which demonization was an incident, is the crime of the age. It is fast turning this free nation into a land of tenant farmers. Half the farms of the country are now either occupied by tenants or loaded with debts which their owners can never pay unless there is relief through just legislation. The same conditions are slowly but surely driving the laboring millions to the point of desperation. The time has come when the owners of colossal wealth, procured by class legislation, make no secret of dictating their terms to labor, and automatically rejecting all overtures for peaceful arbitration of differences.

Apart from the interest they have in common with the American people in checking plutocratic rule and its ruinous designs, the citizens of this state have vital reasons for uniting with unbroken forces in the struggle for emancipation from financial and industrial conditions that are fraught only with disaster and economic servitude. It is their supreme duty to keep Colorado in the front of the fight against a combination of money kings, who, unchecked, would inevitably leave the millions of this free land to choose between pauperism and anarchy.

#### An Epidemic of Bloody Flux.

Last summer the flux raged here to a fearful extent. About five miles north of here at the Whiteside graveyard there were five victims of this dreadful disease buried in one day. The doctors could do nothing with the disease. When my family was taken, I went to Walter Brothers, of Waltersburg, and told them the situation. They said, give Chamberlain's Colic, Cholera and Diarrhoea Remedy; that they had sent out several hundred bottles into the infected district and "every day we hear how this medicine is curing them. So far we have not heard of its failing in a single instance." I went to giving it, and could soon see the good effects and a cure was the result. Anyone in doubt about these facts may write to me.—L. C. ELLIS, Rock, Pope Co., Illinois. For sale by H. F. SMITH Druggist.

J. B. Wilson, 371 Clay St., Sharpsburg, Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at F. B. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—Will drive Malaria from the system and prevent as well as cure all Malaria fevers.—For cure of Headache, Constipation and Indigestion try Electric Bitters.—Entire satisfaction guaranteed, or money refunded.—Price 50c. and \$1.00, per bottle at F. B. SNYDER'S, Drugstore.

Cholera infantum has lost its terrors since the introduction of Chamberlain's Colic, Cholera and Diarrhoea Remedy. When that remedy is used and the treatment as directed with each bottle is followed, a cure is certain. Mrs. Fanny Lauderdale, of Rock, Pope Co., Ill., says it cured her baby of cholera infantum and she thinks saved its life. A. W. Walter, a prominent merchant at Waltersburg, Ill., says it cured his baby of cholera infantum after several other remedies had failed. The child was so low that "he seemed almost beyond the aid of human hands or reach of any medicine," but Chamberlain's Colic, Cholera and Diarrhoea Remedy cured him. 25 and 50 cent bottles for sale by H. F. SMITH, Druggist.

Can chronic diarrhoea be cured? Those who think not, should read the following from Mr. Joseph McGuffin of Spaulding, Union County, Iowa. He says: "I was troubled for years with chronic diarrhoea and used many kinds of medicine; but nothing with permanent effect for good, until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I would say to every one in need of medicine for the ailment mentioned and kindred diseases try the Remedy, and like myself, you will never be without it in your home." 25 and 50 cent bottles for sale by H. F. SMITH, Druggist.
